Green Mountains..Blue Water

Camden, Maine

There are many miles to the jagged coast of Maine and many lovely protected harbors along that shore. None is more utilized than the harbor of Camden which is homeport to so many of the barefoot cruise boats as well as hundreds of small craft. In addition to the boats, the harbor is laced with walkway floats that make it possible to stroll around on the water. Camden is the town whose motto is "Where the Mountains Meet the Sea",

MR. CLYDE BROWN, OF CAMDEN, IN THE 1912 BRUSH

and Mount Battie overlooks the harbor and town before it takes the plunge into the ocean.

Winding in the foothills in back of and leading to the town is a river feeding lakes and ponds and finding the harbor at its inner rim in a waterfall over an old mill dam. The mill is gone but the waterfall remains and our cover photo was taken

from the front of the dam which is a refreshing feature of a grassy amphitheater park that forms an inner wall of the harbor. People read and rest on the banks of the falls and, on occasion, band concerts are held for people who sit on the grass slopes of the parks or in the boats

of the harbor. The activity here is brisk all during the summer and the locale, the beauty and utility of this harbor is a magnet for both the folks of Camden and all of the summer visitors who pass this way.

It was the Fourth of July. Mr. Clyde Brown drove up to the dock parking lot at Camden in this magnificent machine and stopped to let it take a breather. He had been

part of the parade in Thomaston and became the main attraction on the waterfront the minute that he set the brake of his 1912 BRUSH. What, you never heard of a Brush? Let me assure you that is something very special, and its owner, Mr. Brown, is more than special as a restorer and mechanic. This car is a one cylinder, chain driven vehicle with gleaming brass lamps and accessories and it must be every bit as beautiful as the day it was produced. I asked Mr. Brown how he had ever discovered such a beauty. He looked at me thoughtfully and replied, "I found the remains up in Aroostock County." It took 3 years of effort and treasure hunting to locate all the pieces, finish and assemble them into the pristine masterwork that it is now. After quite a time, chatting with the many admirers who gathered around the car like bees to nectar, Mr. Brown felt the radiator, bent down and with one half turn of the crank started the engine and with a quiet purr the Brush pulled away.

When I first saw the car it reminded me of John Layport's Maxwell and I asked Mr. Brown if that's what he was driving. He said, "No, it's a Brush, but you're close because it is similar to a Maxwell."

Public Hearing: Nunes Property, August 18

PREPARE FOR AUG. 23 SPECIAL TOWN MEET.
MATTAPOISETT SELECTMEN'S MEETING
AUGUST 9,1988-by VIRGINIA MORGAN

As a preview to the August 23rd Special Town Meeting at the Old Rochester Regional High School, there will be a Public Hearing on the first two articles on the warrant concerning the Manuel R. Nunes property on Brandt Island Road at 7:00 p.m. on Thursday, August 18th, at the high school auditorium.

At a joint meeting of Selectmen and the developer, Mr. Joseph P. Keller, and his associates, the issues to be discussed will be the Articles 1 and 2 on the warrant which gives the town the option to exercise its right of first refusal on the land owned by Manuel R. Nunes, Jr.; secondly, to see if the town will vote to appropriate the sum of $7.5 million to purchase the land for recreational and/or conservation purposes.

The remaining articles on the warrant can be seen elsewhere in this issue of Presto Press, to be taken to the Special Town Meeting on Au-

At last week's Selectmen's meeting, the Finance Committee met to discuss their recommendations for the articles. Finance Committee Chairman Richard Gamache explained, as an example, "Based on $8. million bond issue, at 7 percent for 40 years, the tax increase would be $1.78 per thousand or $178. for a $100,000 house in the first year, with each year less. If, however, the bond issue is for 20 years, the principal would be more but the interest would be less, thus costing more in the end."

Town Clerk Lois Ennis said, "You really need to tell the voters about the financial standing of the town and how these votes will affect their tax rates." She asked the Assessors and Finance Committee members if they could come up with a written explanation to be handed out at the special town meeting informing voters on the tax impact.

Chairman Gamache replied he and his committee will try to work with the Assessors and Town Accountant Karen Linhares to prepare a statement for voters. He added that the information will be "our best educated guess". "We will be critized if we give information based on what we know now and may later prove incorrect, or criticized if we don't

Selectmen John DeCosta and Bernard F. Talty agreed the Board's recommendation would be made at the Town Meeting.

The Selectmen discussed letters received from the Growth Management Study Committee in which the committee told of its concerns with the proposed development. Among them are: Open Space - 50 percent of which the developers plan to leave and use for the golf course; Sewerage, just how much the town can grant of its sewer treatment capacity and will the development's sewering benefit current Brandt Island area residents who presently have no sewer or town water; Water - If water is provided through Mattapoisett it will be a mixed blessing providing

much needed water to current residents while potentially enabling more rapid growth in the area; Beach Access - we should use our leverage to obtain permanent rights for town residents to use some or all of the beach; admittedly not the best swimming beach at this time; Environmental Design - Concerns about the runoff and the pesticides used, possibly contaminating the shellfishing beds; Impact on Housing and Schools - Just how much increased population is predicted and future development it might create and the impact on schools.

A second letter from Attorney Michael J. Livingstone, representing Mr. Nunes, spelled out some issues regarding the town's rights under State Law Chapter 61B which allows the town to purchase the property within a 120 days period. Under this law, Mr. Nunes has had the property taxed much less as agricultural land. Following a sale to a private developer, the developer must pay the town the difference lost in taxes while being taxed at the lower rate.

Under the Purchase and Sale Agreement, Attorney Livingstone noted, Mr. Nunes will be allowed six one acre buildable lots to the sum of $31,000 per lot. Each of these lots would have to be buildable lots with all utilities provided to the lot lines; all expenses borne by the purchaser (whether the town or

a private party). Also, Mr. Nunes will receive haying rights, the right to use the grazing area for non-commercial purposes and the right to erect a barn.

The letter also notes naming the main road down to Mr. Nunes' six lots as Nunes Road, and the perpetual non-use of the area described as an island bounded in large part by Brandt Island Road on which is to be erected a suitable plaque or other memorial to Mr. Nunes. The attorney's letter says that, in his opinion, the town would be obliged to comply with these additional terms of the contract of sale with Mr. Nunes if the town purchases the land.

Additionally, Attorney Livingstone's letter states there is a finder's fee as part of the bargain. The commission to be paid on the consummation of the sale is $250,000 to be paid by the purchaser. Mr. Keller has agreed to pay the fee; and if the town purchases the property the town should honor the bargain. Attorney Livingstone noted if the town does not honor the payment to the brokers, the brokers could bring legal action against the town, and the town should be advised and be prepared for possible litigation.

Selectmen noted they do not feel

the town would be obligated to pay this sum; however, if the time arrives, it would have to be tested.

In other business, Selectmen:

RECEIVED WORD from the State Department of Revenue, Division of Local Services, notifying the Board of Assessors that $79,590 is the commissioner's certification of the amount of property tax base growth for the town between January 1, 1987 and January 1, 1988 that may be used in establishing the fiscal year 1989 levy limit. The total assessed value was increased from $535,219,969 for January 1, 1987 to $542,964,669, January 1, 1988.

WERE INFORMED by Planning Board Chairman William H. Matthews that this board will support the establishment of a Land Transfer Fee for the purpose of establishing a Land Bank Fund for both open space and affordable housing. Selectmen noted they will support this fee at a town meeting.

RECEIVED A REQUEST from Fire Chief Donald C. Wood and Building Inspector Andrew J. Bobola to increase the fee on inspection and testing of smoke detectors from $5. to $10. and to charge a new fee of $10. for locating suitable sites to place a detector.

After discussion, the Chief agreed to Selectmen's request to increase the testing fee to $10., but to leave the no-charge for locating a suitable site for the detector. The Chief noted most of the locating sites is done for new construction.

RECEIVED TWO LETTERS of application for consideration for the appointment of Water/Sewer Commissioner to fill the vacancy caused by the resignation of Ralph L. Wordell, who is moving to Florida.

Edmund L. Gordon, 6 Parker Street has been a resident of Mattapoisett since 1971 and a graduate of Old Rochester Regional High School. He attended SMU for three years in the College of Engineering, and is a state-licensed construction supervisor and a state-licensed backhoe operator. He noted he has obtained much knowledge in the field of plumbing and water service excavation through his job as vice-president of construction for a local construction company.

The second letter was from Charles A. Morgan, 38 Main Street, who served for 20 years with the Water Department, the majority of the time as Superintendent. He holds a Class 2 Certification as Operator of a Drinking Water Facility. Mr. Morgan was the first Superintendent

of the Mattapoisett Sewer Department and has served as a member of the Board of Commissioners.

These names will be placed on filed, with a decision to be reached within 30 days of the August 15th resignation. The vacancy must be filled by the Board of Selectmen and remaining Water/Sewer Commissioners voting jointly to fill the unexpired term until the April town election. One week's notice must be given before the joint vote.

TOOK NO ACTION on a letter from the Boardsailors' Coalition of Massachusetts regarding the recent action taken by the Selectmen at Veterans' Park to limit the boards and to charge a fee of $10. per board.

Sent by Richard G. Cann, President of the Coalition, he noted several of the members have expressed concern about the situation developing at Veterans' Park concerning the restrictions and fees. He noted their legal counsel is reviewing the regulations based on constitutionality, validity and enforceability. Legal counsel for the coalition suggests these regulations discriminate against only board sailors since it is the only activity charged the fee and limited access, despite its apparent application to all water craft users. Moreover, the fee itself seems to be excessive and arbitrary in that it does not reflect appropriate costs.

Mr. Cann did express support for

Marion Selectmen's Meeting

AUGUST 9-1988-by EUNICE MANDUCA
A community service by the League of Women Voters

At 7:15 p.m. Burt Ketchum, Marion Town Planning Consultant, appeared before the Selectmen to inform them of the purpose of his planning concept. The fact that more and more wetlands and marginal land is being developed requires very careful study and implementation of effective controls to protect against very serious problems in the entire Buzzards Bay region. Mr. Ketchum will develop a planning chart for the next 20 years with various categories listed as to conservation, sub-divisions and pollution dangers. Selectmen Chairman Ted Pratt stated that there must be a compromise between property owners and the good of the community. There will be a concentrated effort to reach every facet of the town to offer information and receive

input from all townspeople. There is not a radical change taking place in development at this time and planning ahead will help preserve the character of the town. Mr. Ketchum was informed that the Sippican Land Trust has a very comprehensive study already completed which might be helpful to him. It was also mentioned that it would be very helpful to improve communications between town boards. Perhaps join with other communities in a regional approach to planning.

At 8:00 p.m. Bruce West appeared before Selectmen to discuss his concerns about the Post Office moving from the Village to Route 6. Richard Lagreze, former Selectman, informed Mr. West that in March 1988 Gerry Studds agreed that the Post Office would maintain retail services in the present location until 1991 when the lease expires and would then re-evaluate the situation. If there was enough volume at that location, the Post Office would probably extend the lease. It would be difficult to justify two Post Office locations for a town the size of Marion. It was voted to ask the Post Office department for a 90 day extension before the final decision is made as to a

proposed location on Route 6. The Selectmen appointed an ad hoc committee to look into a possible solution and to report back to the Selectmen in three weeks. Selectman Pratt stated that the committee would have every cooperation from the Selectmen who would make a concentrated effort to keep the Post Office in the Village for the good of the public and private interests which could be seriously hurt by the loss of the Post Office. Bruce West, Jack Chency and Jan Menzes were named to the committee.

Police Chief Brian Scott introduced Laurel Ploettner to the Selectmen and asked that she be appointed a full-time clerk/dispatcher and matron so she can continue to work on the rape investigation team for which she has had extensive training. It was voted and the Selectmen stated that they were happy to have Lauri on board again.

Selectman Loretta Schaefer questioned Chief Scott about the conduct of the Buzzards Bay Regatta. .Chief Scott stated that it had gone off remarkably well considering that there were several events going on all at the same time. The Beverly Yacht Club had things very well organized and there was a minimum of disruption for townspeople. Selectman Pratt suggested that the

Regatta Committee consider scheduling the next year's Regatta one week later because Tabor Academy would not be in session and that would open more parking areas for Regatta participants. A few vehicles had to be towed for blocking important access but, on the whole, the weekend went very smoothly.

Executive Secretary Ray Pickles reported that Thompson Engineering has staked Hill, Oak and Green Streets. He will notify Mr. DeBarros and the telephone company will now be able to relocate the poles which were in the roadway. Tilcon Company will probably surface Hill Street when Cranberry and Bayberry Ways are done. Surfacing on the Berry roads has been delayed because the Town has to cut back areas of the roadway in order to make a 24 foot road for surfacing. Mr. Pickles said that Indian Cove continues to have unacceptable readings and testing continues past the old salt works and the Holly Pond brook which is poorly defined. He also reported that Treasurer/Collector/Clerk Helen Westergard has recommended that the Town deal in more formal notes and consolidate its financial base in order to gain a more favorable rate of interest. The Selectmen concurred.

of Appeals to deny the application of J.M. Beckford to operate a used car business at 162 Wareham Street.

From C.D.M. (Camp, Dresser & McKee, Inc.), suggested changes in the design of the M.D.C. trap at the Iddings car wash. Victor Brier raised a question re: the change. Selectman Pratt will investigate further.

From M.A.D.D., a request for permission to hold the annual picnic at Silvershell Beach on Sunday, August 21, from noon to 6 p.m. It was voted.

From Plymouth County Mosquito Control re: control of the greenhead flies. It was voted to have the Town build its own traps because the traps built by the Town seem to be more effective than the ones provided by the Plymouth County Mosquito Control.

From Olive Harris, Chairman of the Open Space/Land Bank Study Committee, a request to meet with the Selectmen on August 23 to discuss plans and suggesting a public meeting to state the Committee's goals for Marion. It was scheduled.

From Olive Harris for the League of Women Voters Recycling Committees, an interim report notifying the Selectmen that a group will attend the presentation at SEMASS on August 26th.

From Planning Board Chairman Margaret Ishihara, a request to Town Counsel Tom Crotty to represent the Planning Board in the legal matter of DeRugeris v. the Town of Marion. C.A. No. 88-1463.

From Dog Officer Clement Briggs re: restraining orders on dogs which have attacked other dogs which were on leashes. It was voted to restrain dogs belonging to William Notman of 418 Point Road and James Collins of 54 Dexter Road.

From the Taber Hall Study Committee requesting the Selectmen accept the Committee recommendation to develop Taber Hall for 8 units of Congregate Housing. It was voted to send thanks to Committee members for their work and to notify the committee that the project will be put on hold until the Post Office Committee has brought in its report.

From Selectman Ted Pratt re: the proposed regulations in the revised Sanitary Code which would require that all septic systems be uncovered before the sale of property could be completed. Mr. Pratt has checked with the Sanitarian in the Town of Chatham where the regulation is in effect and they have 98% compliance. Copies to be sent to Max Schlegel and Al Johnson for their information.

the Town of Marion Sanitation Plant on Route 6. Information requested will be forwarded to Mr. Morrissey of 52 Moorings Road.

A member of the Marion Natural History Society announced that the Society will work with the Hurricane Preparedness Committee to offer a public awareness program. It will be held at the Tabor Academy, Lyndon Hall South, on Thursday, September 1 at 7:30 p.m. Town maps will be distributed with the areas of possible flooding marked as well as areas of dangerous wave action. Department heads will explain procedures in case of a severe storm, including evacuation and removal to the designated shelter which is Sippican School. Because hurricane Gloria was such a minimal storm, there are concerns that residents may not take hurricane warnings so seriously in the future. There will be eye witness reports from townpeople who were in the hurricane of 1938 which should help give a more realistic picture of a real hurricane to those who have never experienced one. Work continues to develop a Shelter Management Team for Sippican School in case it becomes necessary to shelter people for a few hours or a few days, depending on the sèverity of the storm. Anyone interested in helping the Shelter Management Team will please inform the Selectmen's Secretary, Helene Craver, at 748-2500. The Red Cross has offered a 4 to 8 hour training session in Shelter Management.

Hiller, co-supervisor of the program. Also co-supervisor is Laurie Nunes.

Arthur has been coming here for two years and the children love him. This is very evident by the expression on their eager faces when they listen to his storytelling. Seated in the shade on a small low-to-the-ground stool, he tells the old fairy tales such as "Red Riding Hood", "Cinderella" and "The Three Little Kittens". Arthur loves to read to the children; you can tell by the enthusiasm and colorful way in which he expresses the words.

Arthur not only teaches craftwork, participates in games but he helps clean up the grounds after the children leave. "He has been a big help to us and the children love him", said Mrs. Hiller.

Mr. Hauptman's love of children is no recent development. After his retirement from the insurance business, he worked for a stipend in the HeadStart Program. From there he went to the Little Peoples' College in Mattapoisett.

While there, he qualified as a teacher in a private school but chose instead to volunteer his time working with children.

So, two years ago, living not too far from the school grounds, on Tobey Lane, Mr. Hauptman decided to offer his services to the summer program.

Not content with this summer program, he has also offered his services in August as a camp counselor at Camp Cachalot.

In earlier years, Mr. Hauptman trained seeing eye dogs and helped the blind learn to work with the dogs. "This was a very interesting, challenging and fulfilling work", he said.

In the Fall, Mr. Hauptman will resume his part-time evening classes at SMU where he has been working for 7 years to receive a Bachelor's Degree in Sociology; "I have a few more to go", he says. He has earned an Associate Degree from Bristol Community College in Liberal Arts.

But for now "Arthur" is content at Center School grounds making children happy and teaching them new ideas and giving them the benefit of his years working with people of all ages. "Arthur" is another reason why "Mattapoisett is so Special".

Nunes Property Plans Presented

MATTAPOISETT GROWTH MANAGEMENT COMM.
by CONSTANCE KEAVY

The Mattapoisett Growth Management Committee met on Thursday, August 11th, at 7:30 p.m. at Village Court. Chairman Peter Kortright opened the meeting by summarizing the committee's lists of concerns over the development of the Nunes' property. A large group of Brandt Island residents and town board members were on hand to hear Mr. Keller's preliminary plans for the development of the Mattapoisett Golf Course.

Mr. Keller's attorney, Lawrence DiCara, explained to the group that the town has the first option to purchase the property within 90 days of the signing of the sales agreement. He informed everyone that the golf course will be developed on two parcels of land - the Nunes

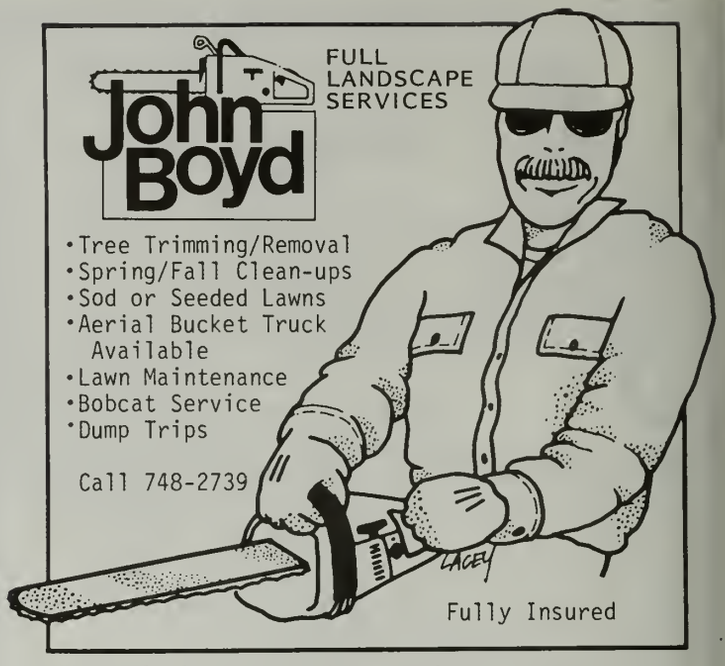
property and the Karakostas property in Mattapoisett and Fairhaven.

He also explained that Mr. Nunes has received a substantial tax abatement under a 61B assessment - agricultural use of the land - to the tune of approximately $400,000. Should Mr. Keller purchase the property, these back taxes under the abatement will be returned to the town.

Mr. DiCara and Mr. Keller then



proceeded to outline their preliminary plans for the Mattapoisett Golf Course:

1) The creation of an 18 hole championship golf course to be designed by Rees Jones, Inc. of Montclair, New Jersey. This designer created the Brookline Golf Course, host of the '88 U.S. Open.

2) 50% of the property will be kept as "open space" - golf course and wetlands.

3) The golf course will be as ecologically sound as possible.

4) Approximately 200 house lots (slightly under an acre) will be sold for development - 175 lots in Mattapoisett and 25 in Fairhaven.

5) The clientele will probably be empty nesters - no children at home. Some will live here only part-time.

6) 2/3 of the golf club members will live on site - 1/3 from other areas.

7) The beach area will be private

for club members living on site.

8) The development team will contribute $34,000 to the town for a water study of the area.

9) There are no plans to set aside lots for the 10% affordable housing requirement.

Mr. Keller emphasized the fact that, as an avid golfer himself, he desires a quality golf course which will be ecologically sound and will preserve the natural beauty of the site. No homes will be built on the coastline. The golf course itself will follow the coastline.

A lively question and answer period ensued. Many residents and board members expressed their concerns and thought-provoking questions were asked:

1) In response to Mike Dahill's concerns about golf course pesticide runoff into Shaw's Cove, Mr. Keller explained the pesticides would be channeled into "holding ponds" to be recycled. The development team agreed that it did not have all the answers to this question of pesticide damage, but was willing to learn and study. Also, Mike asked for a ball park figure for

the cost of the lots and $100,000 - $300,000 per lot was given.

2) Robert Coquillette suggested that since the sales agreement is conditional and the developers have not researched all these concerns, a 4-5 month moratorium should be put on the sales agreement. Mr. Keller had no comment.

3) Vincent Worden was concerned that the developer had not set aside lots for affordable housing. "We sell lots, not housing", replied Mr. Keller.

4) Diane Foster wondered if the new residents would desire moorings in the cove. Mr. Keller said that moorings would be the residents' concerns, not his.

5) Candy Kruger requested an explanation concerning parking and traffic patterns. Mr. Keller told the group that parking and traffic would be minimal, since this would only be an amateur course. The clubhouse would be very small - only a locker room area was envisioned.

6) Peter Kortright questioned the architectural styles of the homes to be constructed. The development team and Mr. Keller stressed that an architect will be hired to draw plans for five types of Cape and Island houses to be used as the models for construction on the lots. Quality designs and materials will be used.

7) Nancy York wondered if the golf course would always be "open space", not subject to future home development. Mr. Keller assured the group that the "open space" will remain in perpetuity.

8) Mr. Kortright stressed that the new residents would want all

town services and Mr. Keller agreed.

9) Dan Ostrye questioned whether the new development could generate enough tax revenue to cover the increase and strain on all the town services. Mr. Keller felt the new revenue would be sufficient, but Mr. Ostrye disagreed. "The 10% increase in tax revenue that the development will generate will not be adequate to cover the cost of the services that will be strained. Our tax base is over-extended." Again, Mr. Keller had no comment.

10) Elaine Sylvia asked if the development team had done a study of the seven U.S. organic golf courses and Mr. Keller explained that when the land is his, a study would begin.

11) William Matthews explained to the development team that the town expects cooperation and sharing of concerns from the development team. "We'll have to bargain together", he concluded.

Mr. Kortright, the committee, residents, and town board members expressed thanks to the whole team for their presentation and explanation of plans. It was felt by all that a very fruitful encounter had taken place. The committee feels, however, that many questions were unsatisfactorily answered.

The Selectmen will sponsor an open meeting with the developers on Thursday, August 18th, at ORR Auditorium. Further questions can

Letters to the Editor

The following excerpts were taken by Diane Perry and Candy Kruger from a commentary column appearing in a South Look newspaper, written by Andy Deitlin, a Plymouth-based freelance writer (reprinted with permission).

DISASTER DEVELOPING

Poor Plymouth. Poor Cape Cod. The poor South Shore, for that matter. We never know what misfortunes lurk around the corner. I've lived most of my life in Plymouth. Never in my wildest imagination, never in my wildest dreams would I have expected to see this area done in by a phenomenon with the sweet name of economic development....

The problem is the name. The South Shore has not had normal economic development. We're in a "gold rush", very economical for some, but disastrous to the quality of life for all--too much, too fast, with too little regard for the entire environmental picture...

committee have recognized this on Cape Cod... Now the committee is working on a growth-management plan ... but that plan will take too long; the idea was needed 20 years ago... There's no doubt about it, environmentally the South Shore is in a war with economic development, and the environment has no army...

... It's time to stop and think about where we are. But it's not easy to slow down a gold rush like the one trashing southeastern Massachusetts because an unreasonable climate is created by those single-mindedly in pursuit of the gold, no matter what. Then, swept into the frenzy, intelligent people known for astute judgement, such as politicians, can find themselves in pursuit of rather irrational objectives.

An example is the way Plymouth hopes to expand its sewerage system. The town plant now empties into Plymouth Harbor, but the system is prevented from expanding seaward by the Ocean Sanctuaries law... They want an exemption for Plymouth...

One reason I'm angry: ocean pollution has ruined my fishing...Pollution in brackish waters, where the bass lay their eggs, plays a part in their scarcity...

There's more involved here than the sea life. Jaques Cousteau warns: "When the ocean dies, we die." But, there's hope. True, all living things are part

of the same sea and share the same fate. But there's a difference between us and the sea life. We have the power to reason and the power to act.

LETTER TO THE EDITOR
A TOWN PLANNER WILL HELP PREVENT A SIMILAR MATTAPOISETT "DISASTER" (See preceding article, "Disaster Developing")

Will we become "Poor Mattapoisett"? In the not too distant future will we be saying, "I remember Mattapoisett when it really WAS special"?

Are we going to be swept up in the same "gold rush" of economic development as Plymouth (and countless other neighboring towns), having to live with the resulting environmental disasters? For example: water pollution; overcrowded schools; over-burdened police, fire, highway, and other departments; traffic hazards; depleted fisheries; loss of natural resources and open spaces; etc.

Unlike Cape Cod, ineffectively playing catch up, we have the chance to PLAN for our future BEFORE it gets out of hand.

In Mattapoisett we have overworked and undertrained volunteer boards, as well as overworked PART-TIME town officials. They can only make a dent in what needs to be done. They only have the time to react to developers' ever increasing demands.

Our Town Planner would work for us FULL-TIME in preparing for, rather than merely reacting to, these demands. S/he can begin to help educate, coordinate and improve communications among the various town boards. Furthermore a planner will assist boards in improving by-laws, regulations and

procedures, and most importantly, assist in enforcement capabilities. A Town Planner is a professional, trained in the complicated planning and developmental issues facing the town.

Act on your "power to reason"! Don't sit home and think "the other guy" will take care of it. That's how we lost the original proposal to fund a Town Planner at the last town election. We already have developments, large and small, which are causing unforeseen problems. The small developments seem harmless until their cumulative negative effects are realized too late. The large developments cause more obvious problems. For example, the increase in traffic and number of accidents around the Deer Crossing project. With the potential negative impact of a Park Street development, as well as the Nunes' property development, is there any doubt that we have to ACT NOW?

If you agree that Mattapoisett deserves a Town Planner to help us KEEP MATTAPOISETT SPECIAL, then go to Town Meeting on August 23rd and help prevent Mattapoisett from becoming another Plymouth.

URGENT NEED FOR MATTAPOISETT
COUNCIL ON AGING

The Mattapoisett Council on Aging urges all voters to approve the article on the warrant for the Special Town Meeting August 23rd calling for a part-time, paid assistant for the Council Office.

This article appears again because of the urgent need in the Town for continuing, knowledgeable, professional management of the various programs for the elderly population. Mattapoisett and Acushnet are the only towns in the area that do not have a paid professional. One person in four in Mattapoisett is 60 years of age or older. Studies made by the Executive Office of Elderly Affairs show that by the year 1990 one person in eight will be over 65 years of age. The Town must start to plan <u>now</u> to be sure it participates in the various grants and programs directed to this group. These programs are increasingly complex and volunteers are no longer up to the job.

Just to be sure there is <u>no</u> misunderstanding, the proposed appropriation is <u>not</u> for any of the present volunteer members of the Council on Aging nor for any of the other volunteers who give so freely of their time. This money is for a part-time professional who knows

Plans are already being made for New Year's Eve, which this year will be celebrated at the Sheraton Society Hill in Philadelphia, right on the route of the famous Mummers Parade. The first night dinner and a show will be enjoyed at Lilly Langtree Supper Club. The morning of the second day a visit will be made to Atlantic City's Boardwalk and casinos, and that evening the New Year will be celebrated at a party at the Sheraton. Dinner will be prime rib and will be followed by a party featuring orchestra, dancing, hats, noisemakers, etc.

After breakfast on the third day a tour of Philadelphia will be made and a visit to Independence Hall before taking reserve seats for the famous Mummers Parade. Reservations should be made before September 10th. Brochures are available at the Council on Aging Office.

Heritage Plantation

SCOTTISH PIPE BANDS

Scottish Pipe Bands have become a favorite with visitors to Heritage Plantation of Sandwich returning season after season to perform. This summer is no exception, for on Sunday, August 21st, the Clan Sutherland and Highland Light Scottish Pipe Bands will perform on the Military Parade Field at 1:00 and 3:00 p.m

Membership, as well as admission tickets to the Museum for the day, will be honored for this presentation, and will include admission to all Museum buildings, exhibitions and grounds. The Museum encourages families to enjoy a picnic in the picnic area outside the Main Gate. Picnicking is not allowed on the Museum Grounds. Please bring lawn chairs or blankets to this outside performance. For more information please call 888-3300.

eye talk

Q. Are those nonprescription reading glasses I see in stores and magazines worthwhile? I only need help for reading and doing needlework.

A. These glasses are simply magnifying lenses mounted in frames. They may seem fine when worn for a couple of minutes in the store but, when used for an hour or more to concentrate on reading or needlework, they may prove unsatisfactory.

They can cause headaches, tired eyes or other eye-strain symptoms. That is because they do not contain your exact lens prescription or because the lenses' optical centers may not be centered with your pupils.

The real risk with these glasses, however, is that you may substitute them for a thorough vision examination. Your optometrist needs to see you every year to make certain your eyes are healthy and determine the exact cause of seeing difficulties. He can then prescribe the lenses your eyes need for long, comfortable hours of reading and doing needlework.

SONGS OF THE SEA TO BE PRESENTED

A concert of sea chanties will be presented at the Rotch-Jones-Duff House and Garden Museum, 396 County Street, New Bedford at 6:30 p.m. on Thursday, August 25th. The concert is part of the Museum's Summer concerts in the Garden Series '88 and is sponsored by Silverstein's and the Standard-Times.

The concert will be presented by Tom Goux and Jacek Sulanowski of Falmouth. The duo are among the most respected interpreters of traditional sea music in America, and have performed and lectured widely in a variety of contexts over the past ten years. Their research, preparation and presentation of the music of maritime cultures includes the songs and chanties of Yankee seafarers of the coastal and deep-water trades, the fisheries, and the analogous seafaring traditions of the Canadian Maritimes and the British Isles.

Their program at the Rotch-Jones-Duff House and Garden Museum will include many local references in song and verse with both ballads and recitations from the New Bedford/Buzzards Bay shoreline.

From 5:30 until 6:30 p.m. Barbara Merry will be demonstrating her unique rope sculpture and will ex-

A $1. donation per person is requested; $2. per family. Concert-goers may bring a blanket and picnic. Chairs are provided.

ARTIST-IN-RESIDENCE
CREATES NAUTICAL SCULPTURES

Barbara Merry, a conceptual sculptor, will be artist-in-residence at The Rotch-Jones-Duff House and Garden Museum's Coachman's House, located at the corner of Madison and Seventh Streets, New Bedford from August 20th through September 3rd. The public is invited to visit the artist in order to view her works in progress, as well as pieces on exhibition.

Ms. Merry creates sculpture by using traditional nautical rope splicing methods. The exhibition will be of special interest to sailors and the nautically minded, as well as to those who earn a living on the seas.

"KIDS ON THE BLOCK", founded in 1977 by Barbara Aiello, illustrates that the needs, feelings and motivations of people with disabilities are more similar than different from people who are more a part of the mainstream of society. Ms. Aiello says, "Fears about differences cut us off", and that the characters in the show don't expect to be treated with pity but with friendship.

Educators, parents, kids of all ages, and all interested persons are encouraged to attend this informative and creative production. Friends of Wholism is an organization that networks and celebrates human potential. Wholism is a way of looking at ourselves and our world from the vantage point of "all that is" within the SELF.
